

## 23rd Annual Undergraduate STEM Research Showcase, November 7, 2025 Presentation Feedback Form

Poster/Booth #: \_\_\_\_\_

Student Name: \_\_\_\_\_

Student present? Yes/No

Title of Presentation: \_\_\_\_\_

**Instructions:** Please provide constructive comments to help the student(s) improve their presentation. *Please return this form to registration desk or [mquinn22@depaul.edu](mailto:mquinn22@depaul.edu).* Forms will be distributed to students after the Showcase.

**Please mark an X in the box that best describes your perspective on the presentation and poster.**

|                                                |                                                                                                                                                                                                        | Expert –<br>exceptionally<br>well done | Proficient –<br>great<br>engagement | Competent<br>– solid<br>foundation | Novice –<br>opportunity<br>for growth |
|------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------|-------------------------------------|------------------------------------|---------------------------------------|
| Introduction:<br>Objective and<br>Significance | <ul style="list-style-type: none"> <li>• Clear, Concise description</li> <li>• Tech terms explained well</li> <li>• Understandable by educated non-expert</li> </ul>                                   |                                        |                                     |                                    |                                       |
| Study Design<br>and Methods                    | <ul style="list-style-type: none"> <li>• Addresses research objective</li> <li>• All (and only) key ideas well-explained</li> <li>• Understandable by educated non-expert</li> </ul>                   |                                        |                                     |                                    |                                       |
| Results and<br>Discussion                      | <ul style="list-style-type: none"> <li>• Results organized, clearly, precisely presented</li> <li>• Conclusions clear and reasonable</li> <li>• Understandable by educated non-expert</li> </ul>       |                                        |                                     |                                    |                                       |
| Visual<br>Presentation                         | <ul style="list-style-type: none"> <li>• Helpful, attractive use of color and font (type/size)</li> <li>• Graphics clear and enhance understanding</li> <li>• clear and orderly arrangement</li> </ul> |                                        |                                     |                                    |                                       |
| Oral<br>Communication                          | <ul style="list-style-type: none"> <li>• Clear, Concise, Professional</li> <li>• Uses poster effectively while speaking</li> <li>• Answers questions knowledgeably</li> </ul>                          |                                        |                                     |                                    |                                       |

**What were the project's strengths – what was done exceptionally well?**

**How could the student improve their project/presentation in the future?**
