Math Tutoring Schedule – Summer 2020

Tutors can be found in the Zoom room here: https://depaul.zoom.us/s/673283022 or with the meeting ID 673-283-022. Once you are in the tutoring room, please change your display name to include your course number (for example, “Sarah - MAT 261”).

If this will be your first time using Zoom for tutoring, we recommend you read the Zoom Tutoring Guide on the next page before logging in.

Zoom Tutoring Guide

Zoom is an enterprise video/web conferencing and collaboration tool used here at DePaul. You can join a Zoom meeting room using a computer, tablet, or smartphone. When you launch Zoom, you can choose to join using video, audio, or just text. Once in the meeting room, you will be able to mute/unmute your video and microphone as needed. You will also be able to share your screen, share a picture of your work or problem (and you and the tutor can write directly on it!), use text chat (privately or with everyone present), raise your virtual hand, use a virtual whiteboard, and switch to a smaller breakout room. You can also take screenshots whenever needed. The tutors have been trained on all of these features and can help walk you through them as you get oriented.

Before using Zoom for the first time, you will need to download the Zoom app and read the Getting Started guide for your device.
