

Psychology Experiment System Form for No Show Follow-Up & Inquiries

This form is to be used if students show up on time but the experimenter is not there (within 15 minutes). In addition to leaving a note for the experimenter students must also complete the information below verifying that they were there at the time of the appointment. All forms are to be placed in the mailbox for the research system coordinator in the Psychology Department office (420 Byrne).

Psychology Course/Section Number: _____

Student Name (as listed on course roster): _____

Experiment Title: _____

Researcher Name (if available): _____

Time: _____

Place: _____

Date: _____

If the Coordinator is able to verify the student's information with the experimenter, the student will receive credit for the experiment. If students missed the experiment due to late arrival or not having the right location students will not receive credit.
