CLIENT'S  
**WELCOME  
PACKET**

WINTER QUARTER 2022

---

# Welcome!

Greetings New DePaul Speech and Language Clinic Client,

We are thrilled to welcome you and your family to the DPSL Clinic for the upcoming quarter!

Based on our Vincentian mission, we are committed to meeting the diverse and urgent needs of our Chicago community and beyond in our efforts to provide equitable access to speech and language services to all individuals across the diverse societal, economic, and cultural communities and otherwise historically underserved.

For this reason, we provide speech and language evaluations and therapy to all individuals regardless of their ability to pay for services.

A donation is highly encouraged but never required to receive services. A donation as small as \$50 will help us support our mission to continue to provide these needed services free of charge for individuals with communication disorders living in poverty.

We depend on donations to help us to continue to provide these services and reduce the service delivery disparity for underserved populations. A donation of any amount helps, and all donations are tax-deductible.

Enclosed you will find information to assist with guiding your experience with us:
